

Leading the World in Iridology Education
and Imaging Systems™

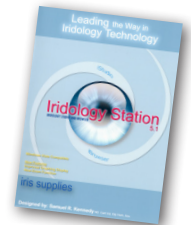

eyePIX10 Digital Iriscope

The **eyePIX10 Digital Iriscope** is the most advanced Digital SLR Camera equipped Iriscope of its type! This Next Generation Iriscope is the premier camera-only Iriscope capturing up to 10 Megapixel digital images with the precise resolution and ease-of-use of an SLR camera. State-of-the-art technology at an affordable price!

The **eyePIX10 Digital Iriscope** supplies all of the features of the Pesek Professional Iriscope with one exception. We replaced the Zoom Binocular Microscope with a high-quality Macro Lens with 7x magnification. This has resulted in an Iriscope with ultra-high quality digital imaging in a more compact package. This system can later be upgraded with an iris microscope.

Features

- ◆ Canon EOS Digital SLR Camera – high-performance, high-sensitivity, high-resolution digital SLR
 - ◆ Electronically controlled, ultra-fine CMOS sensor
 - ◆ Captures images up to 10 megapixels for amazing detail and magnification
 - ◆ Excellent for all colors of irides and high magnification viewing
- ◆ Direct camera-to-monitor image previewing for perfect focus
- ◆ Through-lens focusing for real-time, live-eye viewing
- ◆ Plugs straight into PC's USB port for easy image transfer; transfer images directly from camera to printer
- ◆ Images can be stored and transferred to PC and many other digital devices using a CompactFlash Card
- ◆ Dual, rotating, fiber-optic cables with halogen light
 - ◆ High/low intensity adjustment for focusing and live-eye examination
 - ◆ Cold-light to minimize client eye irritation
- ◆ Xenon flash with precise daylight illumination for optimum exposure
- ◆ Dual, easy-glide rack and pinions and linear-bearing sliding block for precise, smooth XYZ movement
- ◆ Adjustable client headrest for ergonomic comfort, folds down for portability
- ◆ Dark-out hood for bright light conditions
- ◆ Tabletop iriscope base and sectional legs for floor use
- ◆ Two, durable, waterproof, airtight travel cases for convenient and safe transportation
- ◆ Iridology Station 5.1 is included at no extra cost – a \$500 value! This is the world's premier iris assessment software which includes Dr. Pesek's Holistic Iridology® topographic chart overlay.
